

CHAMPION PRORACING GP CHAIN LUBE MAX

The protective properties of this synthetic adhesive chain lubricant with PTFE remain activated under racing conditions thanks to its high adhesion. Furthermore, it offers great water resistance, minimises wear and corrosion, and is completely harmless to O/X/Z ring chains.

APPLICATIONS

This universal synthetic adhesive lubricant penetrates efficiently into chains and provides outstanding adhesion. Also suitable for cables, moving machine parts, worm screws, etc.

FEATURES

Outstanding adhesion: sticks to the chain

Water resistance

: does not wash away

Chain protection: increased chain reliability with excellent corrosion and wear resistance

PERFORMANCE
